

- 連體併列式虎鉗，適用NC銑床機械，可同時夾持數個大小相同或不同的工件加工。
- 本體鋼材一體成型製造，鋼性強精密度高。
- 活動式虎口壓板設計，可隨意快速移動調整夾持位置。
- 平行度: 100mm/0.005mm內。
- 垂直度: 100mm/0.01mm內。

- Precision compact parallel vise, suit for NC milling machine and can clip several different sizes and workpiece to extra work at same time.
- The body steel matured unity, copper is strong and higher precision.
- The moving clamp can arbitrary and fast moving to adjust the clamping position.
- Parallelism within 100mm/0.005mm.
- Squareness within 100mm/0.01mm.
